

## Video tutorials?

Posted by leolen - 2010/05/05 01:13

---

Hi There,

I'm new here. Is there any other link to download your tutorials other than Deposit files? Because I can't download from deposit files always saying "We are sorry, but all downloading slots for your country are busy." I tried every minutes/hour still the same... :( Please put some other link... Please!!!

That's quick! :woohoo:

I want to download about "Some of technic to build wheel arc in Rhino" and "Basic Rhino modeling Genius MaxFire Minipad." Thanks :cheer:
