hello

I decided to post my opel speedster for start...

It's still in very early stage, i'm now working on the main shape. After that's done, i'll start adding detail..

So, here's some wires and shades.. comments please

Nice idea, I'll be busy for this week but hope I could post something later. Could you share your blueprints. I looked for them in the past:

pretty hard to find. Anyway thank you.
